

Airstron

AIR CONDITIONING / REFRIGERATION
SALES / SERVICE / INSTALLATIONS

January 21, 2014

To Whom It May Concern,

Over the past 20 years Airstron Inc has worked with and for both the Keenan Development Group and Chinook Construction in many different facets of the construction industry.

We have been fortunate enough to have been awarded large hvac projects by Chinook and have always found their expertise and professionalism to be an industry standard. Jim Bachman has always worked to develop a partnership among his subcontractors which has ultimately been reflected in the final product that always exceeded expectations.

We have also worked closely with Chantal Hogue and Chandra Singh on the management end for Keenan Development providing hvac maintenance and service for their buildings and have always been treated with a level of respect and integrity by everyone involved.

I would highly recommend their team.

Sincerely,

Robert Pascucci
